Course Description

The Beginning Spanish Language II course is designed to provide a basic introduction to the Spanish language. The primary objective is to help students to acquire the communication skills needed to survive alongside native Spanish speakers including their Costa Rican homestay families. The purpose of the course is to develop language skills through focused tasks, reading and listening comprehension exercises, vocabulary practice, lessons on grammar, oral and written expression, and fun, interactive activities. The focus is on conversation, possibly involving other students in the class or local people; the instructor serves only as moderator. The program involves activities inside and outside the classroom such as doing interviews, dramatizing real or imaginary situations, and exploring culture through different media, such as newspapers, literature, cinema, music, and legends. Homework assignments include exercises from the textbook, preparing oral
